Since 1976

Herb Kilmer & Sons takes pride in servicing our customers to the best of our ability. This is what has made our company a well known asset to the stone industry.

Herb Kilmer & Sons is a wholesale distributor of all PA Blue Stone and Fieldstone products. Founded by Herbert Kilmer, it has been owned and operated by the Kilmer Family since 1976.

We are located in the beautiful Endless Mountains of Northeastern PA, just minutes from Interstate 81.

We have stone quarries throughout Northeastern PA and Southern New York State, which allows our stone yard to be fully stocked at all times. Our high quality stone products, vast inventory, and top of the line machinery allows us to provide our clients with the best products available.

Our professional sales staff is always available for quick and friendly service. The needs of our clients are top priority at all times.

*Serving the Stone Industry for over
30 Years.*

- 36" ~ 48" ~ 60"
- 72" ~ 84" ~ 96"

Blue Stone Flagging

PA Blue Stone is a natural stone quarried in strip mines throughout Northern PA and Southern New York. Each quarry produces its own shade of color, texture, and quality.

The different colors and textures, plus its natural cleft surface, make this product very unique. In recent years there have been some new manufactured textured surfaces introduced into the market. These include:

Thermal faced, bush-hammered, and honed. Samples are available upon request.

PA Blue Stone may be used in many applications. Some include: sidewalks, patios, interior floors, and even driveways.

~ Sizes Available ~

11½" X 11½"	17½" X 23½"
11½" X 17½"	17½" X 29½"
11½" X 23½"	17½" X 35½"
11½" X 29½"	23½" X 23½"
11½" X 35½"	23½" X 29½"
17½" X 17½"	23½" X 35½"

Other Sizes Available Upon Request

Thermal Faced Flagging

PA Thermal Faced Flagging is the highest quality of flagging available. Each piece is sawn on all six sides and then thermaled on one surface to give it a natural look. The thicknesses are also uniform to allow much easier installation. Colors are only available in Full Range and Blue Select

PA Irregular Flagging

All Natural

PA Fieldstone

Thin
1" to 3"

Regular
1" to 6"

Heavy
6" to 12"

Many years ago throughout PA, farmers would pick the stone from their fields and build walls to both divide properties and to fence in their livestock. This aging process is responsible for this very popular moss covered building stone. Each pallet measures 36" X 48" and is stacked 32" high. The 3 basic stone thicknesses available are listed to the left. This product may be used by landscapers for building retaining walls or even by masons to be applied as a veneer.

Economy size pallets

We now carry a pallet that can be carried on a pickup truck. Available in all thicknesses, the size of each pallet is 36" x 36" and is stacked 20" high weighing approximately 1500 lbs. Great for homeowners.

This home is accented with a combination of both thin and regular PA Fieldstone.

Forest Boulders

Extra Small

Fieldstone Boulders provide the finishing touch to any landscaping job. Located throughout the fields and forests of Northeastern PA, this product is sold by the ton and is available in all different sizes.

Small

Medium

Large

Jumbo

High Rise Boulders

Complete your landscaping with a High Rise Boulder. Each Boulder has a sawn bottom for easy installation. Heights range from 30" to 60" Average weight is 2000 to 2500 LBS. This product is sold by the ton.

Antique Steppers

This moss covered stone is a larger form of PA Fieldstone.

Steppers have an unlimited amount of uses. Some include: landscape borders, steps, wall caps, and even patios.

Colonial Wall Stone

**Thickness Available:
1" to 3" – 2" to 4" – 6" plus**

Colonial Wall Stone is a by-product of flagging. Building a wall with this product is a breeze due to its uniform thickness and shape.

Tumbled Products

Tumbled Irregular

Tumbled Irregular is another by-product of our flagging. Using the mill ends of blue stone, this stone is then tumbled with water to produce a smooth texture with rounded edges. The same colors as our blue stone flagging are available. Tumbled Irregular looks great as a patio stone or as a retaining wall stone.

Tumbled Pavers

Tumbled is also available in square cut sizes. This stone looks great for any application, giving your project a cobblestone look. Available sizes are:
 5-1/2" X 5-1/2" – 5-1/2" X 11-1/2"
 11-1/2" X 11-1/2" – 11-1/2" X 17-1/2"
 Special sizes are available upon request.

Tumbled Irregular Paving

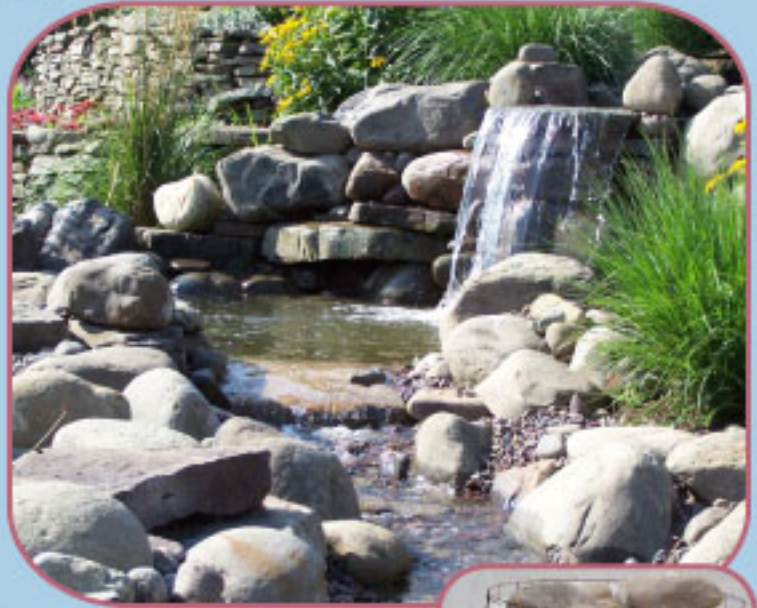

Produced right here at Herb Kilmer & Sons, Tumbled Irregular Paving is available in 3 different colors. The sizes range from 18" in diameter up to the size of the pallet.

Water ~ Washed Stone

River-Rounds

River Rounds are available in 3 different sizes. One of its' many uses is shown above in this Garden pond setting.

River-Flats

River-Flat Steppers

Years of water running over these 2 products have given them their smooth texture. The dry creek bed shown here is lined with a combination of both River-Rounds and River-Flats.

Building Stone

This by-product of blue stone is a 4" wide veneer, with thicknesses ranging from 1-1/2" to 5". Produced right here at Herb Kilmer & Sons, gives us the quality control we need to satisfy any customer.

Split Veneer

Mountain Laurel

Wall Stone

Buff Wall Stone

This white colored wall stone is also a locally quarried stone. Best used for building a drywall, it may also be used as a veneer.

Boulders

Steppers

Imported from a local quarry, this earth tone colored building stone is very popular used as a veneer. Some landscapers also use it when building a drywall. Each pallet weighs about 3000 lbs. Mountain Laurel is also available in steppers and landscape boulders as shown to the left.

Cutting with Water

The newest addition to Herb Kilmer & Sons' customizing shop is the waterjet system. This machine accurately cuts blue stone with water, not a saw blade. The accuracy of the cuts is probably the most precise in the blue stone market. We now have the capability of producing a no joint patio with this system. Pick from one of our patterns or design your own. If you need a radius coping or wall cap, just provide us with a template, inside and outside radius, or a copy of a DXF file on floppy disk. We also manufacture company logos and novelty items. Please feel free to contact us with any questions that you may have.
